

Datacode presents FOCUS: Hard Techno Abstract Percussion a solid, gritty selection of hard hitting and distinctive abstract percussion loops and hits with a specific focus on the latest sounds for Hard Techno, Raw and Peak Time Techno.

Designed from scratch with various sound design methods including analog, modular and synthetic granular elements which were then processed with an array of FX, Foley and noise textures. Abstract Percussion is a truly unique collection of sounds that you will not find anywhere else, with a driving and modern techno vibe to give your tracks the ultimate intensity and edge.

FOCUS: Hard Techno Abstract Percussion includes 102 MB of loops and samples with 49 Abstract Perc Loops and 101 Abstract Perc Hits to create your own unique patterns that stand apart from the rest. Royalty Free.

PLEASE NOTE: Kicks and Hi-Hats were used from FOCUS: Peak Time Techno for demonstration purposes only and not included in this pack.
