

Datacode is proud to present FOCUS: Organic House a deep dive into the chill, atmospheric and melodic sounds of Organic House. An authentic and premium sample library that delivers a serious collection of loops from Warm Atmospheres, Lush Pads, Expressive Soft Leads and Minimal, Dusty Beat Loops with Abstract Percussion elements for that deep underground sound. There is also 5 Full Construction Kits with Midi Files included for instant inspiration and much more! This is an essential tool for Organic House, Melodic House, Deep House and Progressive House producers!

FOCUS: Organic House features the latest in sound design and current genre trends, with an attention to detail and character-focused on the melodies, chord progressions and warm, fuzzy nostalgic tones! The 5 Construction Kits include over 50 Stems with Drums, Pads, Leads, Bass and more. We have also included Loop Versions of the Kits if you prefer to create your own unique vision in addition to a solid selection of fresh new Loops and Midi, with over 100 inspiring Synth, Bass, Pads and Beat Loops!
