

'Festival Ammo Vol 1' from Baltic Audio includes six banging EDM Construction Kits at 128 BPM, with one-shots for every sound, MIDI for the most important sounds, and a lot of ideas for your next EDM banger.

The production team at Baltic Audio spent a long time to team up with experts and develop this product from the ground up.

Each sound is created by experts with the newest production techniques and passion.

These six Constructions Kits are waiting to be discovered and you'll need them to get your next EDM banger ready.

You'll get over 1450 MB split into sick melody lines, brutal synths and perfectly matched drums, percussion, and FX.

The anthemic drops answer your need of new and awesome innovative sounds for the clubs.

You'll get 24-Bit WAV, MIDI and everything with ending tails of reverb, etc.
