

HighLife Samples bring you the latest in groovy and heart-pumping House!

Festival Groove House. It's a unique sample pack containing 5 Construction Kits with the latest and most trendsetting groovy House around.

This pack contains everything you need to learn or get inspired for your next Big Hit.

Within each kit you will find high quality wav files for all parts of your track, including Leads, Drops, Bass, Impact FX Noise FX, Drum Loops and Downlifters/Uplifters, as well as midi's for all melodic elements.

All sounds are designed to work well together and are ready to import directly into your project. We have also included a selection of 20 EDM Drum Loops which will update your library with the freshest sounds.

We are throwing in as a bonus a folder with 18 midi files 28 wav Synth Loops for you to sink your teeth in and get inspired.

Everything is in key and recorded at 128bpm. Just drop the loops into your favorite DAW and make music in more genres than you may think possible!

All sounds are 100% royalty free, create your track and release it on popular labels like Spinnin Records Revealed Recordings, Size, Ultra, Armada and more.
