PACK DESCRIPTION:

Code Sounds presents Fusion Downtempo Breaks an authentic deep dive into the world of Downtempo Breaks and Textures! An inspiring, raw collection of live drum breaks that were recorded with a selection of old school gear and mics to create the warm, lo-fi grooves essential to Chill & Downtempo. Full of character, saturation and layered with dusty field recordings, textures, crackles and a collection of melody loops that evolve from dark to light to capture the right vibe in your production!

Fusion Downtempo Breaks includes 462 MB of 20 raw Drum Breaks, 13 processed Beat Loop Kits with 60 stems, 25 inspiring Melody Loops ranging from pads, keys, leads and atmospheres. The Field Recordings and Perc & Texture Loops feature a variety of experimental glitches, crackles, noise, ambience and are essential in adding sonic flavor to beats and breaks. All essential sounds include Key and Tempo labels so you can quickly mix and match loops for instant song creation. Also includes a collection of over 100 warm and crispy Drum Hits and Melody Oneshots so you can quickly create your own grooves. Royalty Free!
