Audentity is known for their popular Future Bass packs this year as they all went #1 in all Charts.

This new pack called ''Future Bass & Chill Trap'' takes the Future Bass genre to a whole new level: from jazzy chord progressions to atmospheric synth lines, luscious leads to new age synths, pads to chubbing chords, retro plucks to dark futuristic keys and much more

It's all here,your new Future Bass production tool at your finger tips!

The pack is filled with 7 FULL Construction Kits, Midis, Presets, Sidechained and Non Sidechained loops, Synthloops, Bassloops, One Shots and a FULL map with specialized Future Bass Drumsounds!

Suitable for styles like Future Bass, Chill Trap, Hip Hop, Dubstep, Deep House and Bass House or any other genre that needs some inspirational melodies, chords and new basslines.

''Future Bass & Chill Trap'' Contains:

- 7 FULL Construction Kits

- 320 Total Wav Files

- 44 Midi

- 52 Drumsounds (kicks,snare,808 drums,hiats etc)
