

## **Engineering Samples - Future Bass Rapture Vol.2**

Engineering Samples is back with some bouncing Future House!

"Future Bass Rapture Vol.2" is giving you access to super fresh audio, finely crafted MIDI files and cutting edge Synth Presets.

Including 5 construction kits with over 563 MB of powerful Drum Sounds, fat Synth Hooks, uplifting FX sequences, catchy Guitar riffs, emotional melodies and much more composed and selected with the highest artistic claim.

For maximum flexibility this sample pack contains the most important sounds as dry/wet-versions with/without side-chain and ducking effects.

Midi is included!

In Detail you get:

- 5 Construction Kits
- 172 Wav Loops
- Total 190 Files
- 100% Royalty Free
