

BIG follow up of our 'Future Bass Super Pack' series, which clearly was one of the best selling Future Bass packs of the summer!

Huge pack with 68 Midis, 8 FULL Construction Kits, 38 Presets, 89 One Shot Synth, Vox and Drumsounds.

If you thought you already heard everything which is possible with the hot new Future Bass sound, think twice! This pack is a must-have for producing next level Future Bass .

8 full construction kits with that famous Future Bass feel with all the midis, one shots and presets included.

Again we added a BONUS map with 20 fresh new Midis! (Check Demo 2)
