

120 brandnew unique Presets for Future House & EDM (and more) + extra BONUS with One Shot Wavs.

2015 has been a big year for new dance genres, one of biggest newcomers this year has been the Future House genre.

Besides that the EDM genre has managed to maintain its popularity, so what about a presets-pack which bundles these 2 huge dance genres?

Audentity is proud to present you a new collection of Future House & EDM presets for Sylenth, Spire & Massive which were programmed to give your tracks a special touch, with lots of sounds you have never heard.

Our sound design team created a box with more than 120 unique sounds/presets..

We predict these new sounds will be used on future tracks by Don Diablo, twoloud, Pep & Rash, Hardwell, W&W, etc and YOU of course!
