

'Future House Elements' is an ultimate pack created for all **EDM, Future House, Deep House and House** freaks out there.

Inside this product you will find **8 Construction Kits, 52 exclusive presets, 26 Melody Loops and 41 One-shot Samples**.

All sounds are **perfectly crafted** to bring you as sharp and punchy a feeling as possible.

Inspired by the **biggest Future House tunes**.

All 100% Royalty-Free.

Besides 8 amazing Construction Kits 'Future House Elements' also includes **12 Sylenth1, 34 Spire and 6 Massive presets**.

Each is perfectly crafted by sound-designers and 100% ready to be a part of your new mix.

From **wobble basses through the finest Deep House sounds to sharp leads**, these are all the sounds you were ever looking for inside.

As a bonus, also included are a big variation of **drum / synth samples and melody loops** provided with MIDI.
