

The latest chapter from our popular Future House series is here: Future House Music 4

It seems this popular genre never loses its popularity, labels like Music Freedom, Spinnin and others are still heavily supporting this genre.

Our previous future house packs had that specific musical, melodic and energetic feeling and this part 4 continues with even more and better melodies and samples

"Future House Music 4" has everything to give you the tools to join this winning game; brandnew and fresh sounding construction kits, midis & presets.
