

One of the most well known Future House series is back: Future House Music 5 with new ideas & compositions, all available for the producers worldwide who made these packs so successful.

This unique Future House pack is inspired by such labels as Hexagon, Spinnin, Musical Freedom, Future House Music, etc and artists as Don Diablo, Calvin Harris, Lucas & Steve, Pep & Rash and others. This pack meets all modern Future House trends.

Future House Music 5 was produced using high-quality studio gear. Lots of time was spent to give you as much detailed work on each sound as possible.

It will help you to reach the highest production level and hopefully to be released at top labels of the world.

This sample pack consists of 5 FULL detailed construction-kits, midis, one shots & presets (Serum).

Future House Music 5 Contains:

Total FULL detailed construction-kits: 5;

Total File Size: 1430 MB (Un-Zipped);

Total Files: 319;
