

Freshly designed soundbank for Future House producers. Packed with versatile selection of presets, reflecting the sound on now. Inspired by major labels of the scene, guaranteed to bring satisfaction and ease of use.

All presets pre-programmed with EQ, FX, compressor etc. - ready for instant use. Bass presets are exactly what the big names using these days and we have also included some wobbles for the extra touch. Leads and plucks are extremely tight, simply programmed to perfection, you don't need to add any extra FX, they will sit in your Future House track like butter. The extra Chords and SFX are also useful, where you need to fill the missing elements.

In detail you get: 32 Basses, 10 Leads, 12 Plucks, 5 Chords, 5 SFX.
