

Probably the biggest selling Future Pop samplepack of 2017 has a deserved sequel:
Future Pop Music 2

In this new fresh episode, we included brand new Acapellas, Construction Kits, Loops, Samples and Presets.

Produced by the same producer as the previous one, you are again super flexible because all the tools are there.

We didn't leave anything out, a total of 555 Files are in the pack and that's why you can kick-start this genre today.

Please note! For synth presets is required Sylenth1 Versions 2.2, 2.21beta & Version 3, Xfer Serum Version 1.214, NI Massive Version 1.4 or higher versions.
