Future Rave & Mainstage Techno

'Future Rave & Mainstage Techno' is a royalty-free sample pack designed specifically for EDM music producers who want to take their productions to the next level.

This pack is the perfect tool for creating high-energy tracks to light up the dance floor.

The pack includes 5 construction kits, each containing a wide range of WAV loops of Drums, Bass, Synths, Fx, and vocal phrases, providing all the elements you need to create a complete track.

Along with the loops, the pack includes drum hits and MIDI files, giving you even more flexibility and control over your productions.

One of the standout features of Future Rave & Mainstage Techno is the inclusion of Serum presets for all the melodic instruments. These presets are perfect for creating custom sounds that perfectly match your vision and take your tracks to the next level.

All folders and files inside have been marked with BPM and Key Scale, allowing you to quickly find the right sound for your track and ensure everything fits together perfectly.

Whether you're an experienced producer looking for inspiration or just starting out and want to get a head start on creating high-quality tracks, Future Rave & Mainstage Techno has everything you need. With its high-energy sound and flexible elements, this sample pack will become a go-to tool in your production arsenal.

Please note: For Synth presets, you will need Serum 1.357 or higher.

What's more, everything you get is Royalty Free! Buy once and use any of your projects in as many combinations as you want. Compatible with all DAWs and suitable for genres such as House, EDM, Techno, and more.
