

U-HE HIVE-2 "FUTURE SPACE"

soundset by Otto K. Schwarz
(LFO Store)

DE-SCRIPTION

LFO Store proudly presents ("Future Space" - a remarkable soundset for u-he Hive 2, an innovative software synthesizer. 50 exclusive presets were created by the well-known sound designer and film music composer Otto K. Schwarz.

The soundbank uses multiple waveforms to create complex transforming soundscapes that will not leave you indifferent. Here you will find multi-layer pads that take you beyond the event horizon; cosmic leads to let your imagination be revealed; amazing arpeggios to dive deeper into underwater realms and unknown space territories; wonderful plucks, sequencies, and much more!

Whether you're creating ambient, soundtracks, EDM or experimental music, this collection of sounds will be at your service!

CONTENTS

50 exclusive royalty-free presets for Hive2:

13 ARPs, 6 Basses, 9 Leads, 13 Pads, 5 Plucks and 4 Sequencies.

INSTALLATION

Just copy the presets folder into Hive2 Data folder. You need to find "u-he" folder first. In most casses, it is located inside your VST Plugins folder, e.g. C:\Program

Files\Steinberg\VSTPlugins\u-he. Then go to Hive.data\Presets\Hive and copy the presets folder just here.

Please take into account, that **Hive 2.1.0** was used to create these presets. If you're using the lower software version, you may have some issues with the presets.

OUR SERVICES

- If you are interested in the science of sound therapy, we highly recommend you to take the following course on Udemy: [Sound Therapy Full Certification Course | Udemy](#)
