

'Future Tech Trance' by Elevated Trance features an outstanding 20 x Tech Trance Construction Kits WAV, MIDI & Spire Presets.

Inspired by all the top Tech Trance artists and all the top Tech Trance festivals bringing you the best quality tools for your productions. These kits will give you a great start to your next anthem or could be a great addition to your existing projects to give you that edge you've been looking for.

The kits contain three folders MIDI, Wav & Presets, the Wav folder contains all the stems needed to re-create what you hear in the demo for that kit, the MIDI folder contains all the MIDI files for that kit to change notes or sounds when you are creating your new anthem and the Preset folder contains all the spire presets used with the MIDI files for each kit.

The spire presets in this pack are **FREE** they are used as a starting point for each kit but may contain duplications or similar sounds.
