

'Global Pop 2' is the second installment of this series by 2DEEP. Like its predecessor, this Kit gives you all the necessary tools to catapult your next hit straight to the top of the charts. This kit includes loops, vocals, MIDI files, one-shots and all the Spire, Sylenth1, Thorn and Serum presets used to create the instrumentals.

All loops and samples in this library are licensed to you Royalty-Free so you can use them in your commercial compositions at no extra cost.
