

'Global Reggaeton' from Function Loops offers five complete construction kits, loaded with instrumentals and outstanding vocal acapellas, recorded in both Spanish and English to spice things up. This collection will inspire you to create world class hits, guaranteed!

Over 1GB of content, including Drums, Percussion, Basslines, Melodies, Vocals, FX and all the rest you can hear in the demo. All content is 100% royalty-free, use it in your own music, release and sell to labels.

Each kit comes with Loops, One Shots, Full Stems and MIDI files, for maximum flexibility:

Loops: 4 to 8 bar audio files, coming as 24-Bit WAV. Simply drag and drop them into your DAW and manipulate to fit your project.

One-Shots: Single shots, short samples. Good to use in your favourite sampler.

Full Stems: These are long, arranged files. Simply import them into any DAW and you will get already arranged piece, ready for further development.

MIDI: melodic parts are also coming as MIDI files, giving you maximum flexibility to tweak, recreate and make your own sounds, using VSTis or samplers.

In addition, you will also find some bonus Presets for Sylenth and Spire VSTi's.
