

One of the most popular new genres which have arrived this year is Groove House. The sound which is made popular by artists like Merk & Kremont, Dannic, Sebjak, AN21, Axwell and more.

This is the essential sample pack for producing big and groovy EDM tracks.

Audentity - Groove House has 6 brandnew Groove House kits inside which you can lay down in your DAW and create your own song with it.

Not only did we include all the wavloops, but also all Midis and presets. Just add them in your DAW and enjoy the amazing dynamic sound which Audentity always stand for.

All royalty free, so you can release your creation on popular labels like Revealed Recordings, Spinnin, Size, Doorn, Ultra and more.

This pack contains:

- 311 Total audio files (24 bit wav, 44.1kHz)
- 6 Full construction kits
- 17 Midi
- 35 Presets (Sylenth, Massive, ANA, Spire)
- Synths, Chords, Drums, Loops, LeadBass, FX, Vocals
- 400 mb content
