

Exotic Refreshment are proud to present "The Traditional Deep vol. 1" by HAFT!

After big success of their first sample pack series entitled "Ethnic Flavor", Sam Naseh and Amir Subb aka HAFT returns with new series "The Traditional Deep".

Together they have created a new unique deep and dark sound pack with eastern flavor - a seamless mix of traditional Middle Eastern instruments and modern techno.

"The Traditional Deep vol. 1" features 127 loops and one shots in wav format (44.1 kHz, 24-bit), ready to use in your underground productions.

It doesn't matter if you are looking for new sounds for your deep tribal dance music, electronica productions, deep house, afro house, chill out, tech house or techno - this pack is full of ancient rhythms, ethnic and folkloric sounds, so you will definitely find something for yourself!

You can use all files in Apple Logic, Ableton Live, Pro Tools, Cubase and other DAWs.

Package contains:
