

Introducing Happy Hardcore Vol.3 is, a sample pack designed specifically for Happy Hardcore and Hardstyle music producers. Packed with high-energy sounds, this royalty-free collection is your ticket to creating uplifting and euphoric tracks that will get the crowd jumping.

Happy Hardcore Vol.3 features 5 construction kits, each bursting with WAV loops in 24-bit/44.100 quality. These loops are expertly produced and carefully selected to capture the essence of the Happy Hardcore genre, ensuring that every element of your track bursts with energy and intensity.

But that's not all – we understand the importance of flexibility and customization in music production. We've included MIDI files for all the melodic instruments in the construction kits.

This allows you to effortlessly tweak and modify the melodies, chords, and progressions to suit your unique vision. With MIDI files at your fingertips, the creative possibilities are endless.

Happy Hardcore Vol.3 also includes presets from the industry-leading Serum and Sylenth1 VSTs to take your sound design to the next level. These preset's deliver a wide range of powerful, cutting-edge sounds that will elevate your tracks.

Elevate your productions, energize your sound, and create tracks that will leave a lasting impact on your listeners. Step into the world of Happy Hardcore and unleash your creativity with Happy Hardcore Vol.3. Grab your copy now and start producing high-octane tracks that will keep the dancefloor pumping.

Please note: For synth presets, you will need Serum v 1.357, and Sylenth v3. 067 or higher.

What's more, everything you get is Royalty-Free! Buy once and use in any of your projects in as many combinations as you want. Compatible with all DAWs and suitable for genres such as Progressive House, EDM, and more.
