

Elevate your music productions with Progressive House Vocals, a royalty-free vocal sample pack by HighLife Samples. This premium collection is crafted to inspire and enrich your tracks with top-quality female vocals, perfectly suited for Progressive House and all other EDM genres.

Inside this pack, you'll find 5 fully produced female acapella vocals, each recorded in pristine 24-bit/44.1 kHz quality. Every vocal is a complete song, featuring two Verses, a pre-chorus, and a powerful Chorus, providing an authentic songwriting structure that fits seamlessly into any production.

To give you maximum creative flexibility, we've included dry and wet versions of every vocal. Whether you're adding your own effects or working with the provided polished versions, the possibilities are endless.

These vocals they're versatile enough to suit a range of EDM styles. From Trance and Future Bass to Electro and Big Room, the songwriting structure ensures compatibility across genres, making this pack an essential addition to your studio arsenal.

The demo track showcases the incredible potential of these vocals when paired with top-tier instrumentals. All the sounds in the demo were created using Big Sounds New Age Progressive House Vol.1 and Vol.2 packs.

Take your productions to the next level with Progressive House Vocals by HighLife Samples crafted for producers who demand professional quality and endless inspiration!
