

Get ready to take your trance production skills to the next level with the Uplifting Trance Sample Pack. With five highly versatile construction kits and an overflowing amount of professional-sounding materials, you'll find everything you need to create long-lasting, high-quality trance tracks.

With 5 construction kits, this sample pack features high-quality Wav loops, MIDI files and synth presets to make your own trance music.

This sample pack features Wav loops, of Drums, Bass, Synth, and Fxs. MIDI files and synth presets from Sylenth and Spire VSTi are also included. All these will help you to make your own trance music and take your tracks to the next level.

For easy navigation, all folders and sounds are named with a key and bpm.

What's more, everything you get is Royalty Free! Buy once and use in any of your projects in as many combinations as you want. Compatible with all DAWs and suitable for genres such as Trance, Psychedelic Trance, and Progressive Trance.

**Please note:** To run the presets you will need Spire version v1.5 and Sylenth1 v3.067 or higher.
