

'Trance MIDI Melodies 1-4 Bundle Pack' by HighLife Samples delivers Trance Melodies in WAV and MIDI formats for Trance producers who want to get instant inspiration for their music productions.

Inside this bundle pack you will find 80 MIDI and WAV melodies plus 80 corresponding basses for each melody. All volumes from Trance MIDI melodies series 1-4 are included in this bundle.

The Trance MIDI melodies can work out of the box and give your track extra energy and attention to the listener's ears.

Start to write your own melodies in minutes, assign your own favorite VST instrument or hardware of your choice, all this without any audio limitation.

All files are BPM and key-labelled for easy navigation. Just import the MIDI files inside your DAW and even use them as they are or edit them and make your own personal melodies for an instant uniqueness.

If you're influenced by producers like Armin Van Buuren, Ferry Corsten, Above and Beyond, Daniel Kandi, and others, then these trance MIDI loops will help you to take your track to the next professional level.

What's more, everything you get is Royalty Free! Buy once and use in any of your projects in as many combinations as you want.
