

Elevate your productions with the ultimate vocal experience from HighLife Samples: Trance Vocals Vol.2. Designed specifically for trance music producers, this royalty-free vocal sample pack delivers unparalleled versatility and top-notch quality to fuel your creative flow.

Trance Vocals Vol.2 is your gateway to emotive and powerful vocal performances, featuring 5 meticulously crafted vocal construction kits. Each kit is brimming with professionally recorded female vocals, available in both wet and dry versions to provide complete control over your mix.

The wet vocals have effects applied, ready to slot straight into your projects, while the dry vocals allow for greater customization and flexibility.

Beyond the mesmerizing vocal lines, Trance Vocals Vol.2 offers an extensive collection of instrumental loops. Dive into WAV loops that include deep, Reese basslines, uplifting piano chords, captivating melodies, and lush pads.

These elements are designed to complement the vocals perfectly, ensuring a seamless integration into your tracks. The pack doesn't stop there, also includes all the associated MIDI files for each instrumental loop. This feature empowers you to tweak and manipulate the compositions to fit your unique style, giving you the freedom to explore new sonic landscapes.

Whether you're an aspiring producer or a seasoned professional, Trance Vocals Vol.2 by HighLife Samples is an essential addition to your toolkit. The high-quality content is suitable for a range of applications, from crafting full vocal anthems to adding an emotional touch to your instrumental tracks.

Step up your production game and bring your trance tracks to life with Trance Vocals Vol.2. Let the euphoric melodies and captivating vocals inspire your next hit, and make your music resonate with listeners around the globe.
