

This sample pack has the best Trance melodies for you to use when producing your tracks. It features instant inspiration that is perfect for both newcomers and more experienced producers.

These melodies will greatly help you to spice up your trance track and make it stand out from the crowd. They can be a perfect addition to a new song, and listeners will find your song interesting.

You can find 20 folder Kits included Midi and Wav files, all files are BPM and key labelled for easy navigation.

Midi files are an easy way to edit and create your own melodies in minutes, assign your favorite VST or hardware and import the midi files, this without any audio limitation. Or drag and drop the wav melodies inside your DAW and work from there by slicing, pitching up and down, until you have the desire results.

What's more, everything you get is Royalty Free! Buy once and use in any of your projects in as many combinations as you want. Compatible with all DAWs and suitable for genres such as Trance, Psychedelic Trance, EDM, Progressive House, and more.
