

If you want to produce Trance music, Uplifting Trance Melodies Vol.3 offers instant inspiration for both newcomers and experienced producers. It features cool trance melodies that are ready to be used in your production within seconds!

Want to stand out from other producers? If so, then use these trance melodies to give your track an extra boost. Inside this sample pack you can find 20 folder Kits included Midi and Wav files, all files are BPM and key labelled for easy navigation.

Midi files are an easy way to edit & create your melodies in minutes, assign your favorite VST or hardware and import them without any audio limitations. Or drag and drop the wav melodies inside your DAW and work from there by slicing, pitching up and down, until you have the desired results.

We include also the spire presets from the melodies, and bass, plus bonus of the drum loops and drum hits we used to create the demo.

What's more, everything you get is Royalty Free! Buy once and use your projects in as many combinations as you want. Compatible with all DAWs and suitable for genres such as Trance and Progressive Trance.
