Bring your music to life with Uplifting Trance Vol.3! This carefully curated pack of synth presets and samples has everything you need to create the perfect trance track. Whether you're looking for something uplifting, emotional, or energetic, this pack has it all! With over 2.53GB of unzip high-quality loops, midis, stems, and synth preset, Uplifting Trance Vol.3 is perfect for all trance producers.

Inside you will find 5 construction kits broken down into separate folders. All folders have been named with key, bpm, and key scale. Inside each folder, you will find WAV loops of drums, bass, synths, and fx. Also, MIDI files and synth presets from Native Instruments Massive and Sylenth are available. As a bonus, we have included the WAV stem files from each construction kit.

Please note: For synth presets, you will need Native Massive v. 1.5 and Sylenth1 v3. 067 or higher.

What's more, everything you get is Royalty Free! Buy once and use it in any of your projects in as many combinations as you want. Compatible with all DAWs and suitable for genres such as Trance, Psychedelic Trance, and Progressive Trance.
