

Regall music corp. proudly presents Horizon-Synthwave/ retrowave patches for Xfer Serum VST

140 inspiring and track ready retrowave patches. Thick and nicely crafted basses and bass sequences, lush 80s pads, DX style keys, bells, synths, atmospheres and FX. A great and valuable collection. Perfect for retrowave/ synthwave/ outrun/ darksynth as well as for modern dance styles.

Demo is all Serum except drums, although a selection of drums are included. No outside effects were used.

Includes custom wavetables and samples.
