

It's amazing that we never have made this MIDI pack before! Finally, the time has come, and we are happy to announce House MIDI Essentials!

All the House producers gathered inside The Audio Bar HQ to develop a new pack of MIDI files for producers seeking instant inspiration while writing great melody lines for their future productions.

The pack is everything a House producer needs to fill up their next hit song, with 100 synth/lead and bass melodies. Plus, all the files are key-labelled and BPM-tempo assigned.

So if you're influenced by guys like Eric Morillo, Michael Bibi, FISHER, Hot Since 82, Mihalis Safras, Kevin Knapp, Latmun, Patrick Topping, Camelphat, Green Velvet, Dennis Cruz and others, then these MIDI files will help you to write the perfect melody. The pack is suitable for a variety of genres like House, Tech House and Techno.

100% Royalty-Free.
