

## Description Hyperpop Flowers

Presenting "Hyperpop Flowers" a pack completely inspired by the Hyperpop genre, with unique and very powerful sounds that give each construction kit an out of this planet vibe and energy. It contains vocals that you can also use in your musical productions, as well as all the content of this pack. All the sounds that you find here can be used for the creation of music for video games such as Rocket League, or for musical productions such as Jersey Club, Drain Gang, Dark Pop, Experimental Pop or any other genre you want. Inspired by Bladee, Arca, Charli XCX, Skrillex, 100 Gecs, SOPHIE, Motomami by Rosalia and more. 100% royalty free content.
