

D-Fused Sounds are proud to release "Hypnotic Techno", a collection rich in powerful and psychedelic sounds ready to be adapted and used in any of your techno projects.

Hypnotic Techno includes everything you need to create epic tracks including powerful basses, mesmerizing drones, captivating synths and pads as well as an incredible variety of FX and textures that will add a unique and immersive dimension to your music.

All the samples in the collection are tempo and key tagged so you can easily integrate them into your already started tracks and can be used in all major DAWs.

In detail, Hypnotic Techno includes a total of 101 loops cleverly organized in an easy-to-navigate folder structure in such a way as to facilitate your search based on the sample you need.
