

We proud to present you third volume of FUTURE RAVE serie!!!

This volume made by Relyve, upcoming talent, who has releases on Protocol Recordings.

This pack is much more bigger than previous parts of Future Rave and has Presets for Serum which designed perfectly and you dont need to add external processing.

WE remind you that this style thanks to MORTEN and GUETTA is getting popular. It combines PROgressive House, Big Room and EDM music.

So we put our best forces to make our sample pack FUTURE RAVE really modern, useful and quality.

Sample pack contents:

- 10 Modern Construction Kits (from 126 to 130 BPM with Midis, One Shots, Loops) More than 200 WAVs
- 14 Midis
- 38 One Shots (Kicks, Claps, Basses, Leads, Hihats, Percussions)
- 34 PRESETS for SYLENTH (4) and SERUM (30)
- Size: 636 Mb

For using this pack you need:

Serum 1.30b9 or higher;

Sylenth 3.01 and higher
