

Get your machete out, cause it's time to cut thru the jungle. TD Audio presents Jungle Terror.

Always exploring the newest styles, we hit it hard with this amazing audio and preset pack for your next electronic music creation. Jungle Terror has been climbing its way into party scene for a while now. This fierce new sample pack is loaded up with all the tools you need to get this amazing style into your next production.

We got our hands dirty in the studio this time around and created an essential selection of sounds for this insane sample pack. Jungle Terror is over loaded with a selection of tight drums, twisted lead sounds, animal sounds and of course we included an essential set of Presets from Spire and Serum, so you can create your own hyped up riffs in no time flat.

This mad dance floor style has been in the workings of such producers as Wiwek, Diplo, and Skrillex to name a few. The pack offers fire hot rhythm's to cross into EDM, Moombatone, Subground and all styles of modern dance music.

TDA's Jungle Terror is loaded up with super charged Jungle loops, Tribal loops, Fx and a selection of tight shots to keep you writing beats for days. This high powered pack is set up and ready for your next creation.
