

Trap genre has grown a bit dull with thousands of tracks all starting to sound boring and repetitive.

For that reason we made this pack; to give you what you need to reinvent the Trap sound as you know it. You can't find drums like these anywhere else on the internet!

Hand-crafted samples from multiple pro producers recognised by names like Marshmello, AutoErotique, UZ, Antiserum and more!

This premium pack includes Huge 808s, Punchy Snares, Enormous Synths, Percussions, FX, & More! Your drums will never sound weak ever again.

It doesn't matter if you make Dubstep, Trap, Future Bass, or any other form of Electronic Music – these drums will make your songs stick out!
