

Key Labelled SFX delivers 150 freshly designed FX Loops to renew your stash. Crafted by our pro sound designers, this collection will be handy for all producers, no matter which genre you are into.

In detail, the pack contains Impacts, Long Risers, Short Risers and FX Crashes. To make these sounds interesting we added a little cinematic twist to them. So save yourself the hard work on layering and sound design, simply grab this collection of new samples and start using them instantly. You can mix between loops to get even more interesting results.

Easy to change BPM and Key to fit your project in no time. Enjoy!
