

"Late Nights" is a new construction kit pack, created by Freak Music. You will find five beats, inspired by the best hip-hop artists in the world. All of the loops and midis are exported separately to give you the maximum possibilities on these constructions. Chilled-out vocals, mesmerizing piano, smooth pads and relaxing drums. Everything categorized in folders for an easy access. All of the content is 100% royalty-free, so once purchased, you can use these constructions in your commercial releases without having to pay any hidden costs. Make great music.

Specification:

- 5 full construction kits
- 5 Live projects
- 82 WAV loops (24-bit, 44.1 kHz)
- 22 MIDI sequences
- 114 useful files in total
