

A new unique concept for all Hip Hop, House, Trap, Chill Out producers. The pack has all the loops and ingredients to build your own original song, such as separate Guitar, Pad, Pluck, Melodyloops and more.

To give you an idea of how they sound together, we made a full folder with the individual loops mixed, combined and pasted together in 30 songs, which you can hear in the demo.

Of course, these 30 song starters are our own interpretation, you can do whatever you want with the loops, this pack gives you maximal flexibility.

Looking for the ultimate elements for Hip Hop with and all its subgenres like trip-hop, lo-fi hip hop and boom-bap?
