

"Mainstage - Progressive Trance by Tycoos"

I want to present to you a revolutionary package with templates for FL Studio, Ableton & Logic Pro. This product was created by very talented dj & producer Tycoos. By creating this template, he took into account all the trends of today's labels such as Armada, Black Hole and more. This template is based on released track.

All sounds were created in Spire with a minimum of 3rd party VST.

Projects are named with selected colors and organized for easy learning.

Everything was mixed and mastered professionally

Everything was done with minimum CPU usage

This project is a full arrangement track with sounds like: Pads, Leads, Plucks, Bass, FX, Percussion, Atmos and more

Learn how to build a professional arrangement

Learn how to mix like producers from biggest labels

Learn how to do mastering for best results

Learn how to layer sounds to make one big sound

Learn how to create powerful drop and bassline

Learn how to create an amazing breakdown
