

Are you trying to get the latest Future Bass sound? Here it is: the best Future Bass pack around from your favourite samplelabel: Audentity Records

With 100's of samples, loops, one shots, midis and presets this is a full blown super pack, we added 8 full construction kits in the pack with all the midis, presets and one shots.. Very Flexible!

8 Construction kits will show you how REAL genuine FUTURE BASS should be made.

Everything is here: from speaker shaking basses to wide and lush synths, attacky plucks, vocal pitched vocal samples and so much more! This samplepack contains all the samples you need to get started creating your next Future Bass smash hit.

You can use this samplepack for Future Bass, Future RnB, Trap, Chillout, Electronica, Chill-Trap, Progressive House, Trance and EDM.

All Royalty Free!
