FL Studio Owners Software Needed:-

* FL Studio Version 10.0.9 (Not Guaranteed To Work With Older Versions)

3rd Party Plugins Used:-

Vst Instrument Used – Reveal Sound Spire

FL Studio Effects Used – Maximus, Grossbeat, Fruity Parametric EQ 2, Fruity Reverb

3rd Party Effects Used – Fabfilter Pro-Q, Pro-L & Saturn

Please note that you do not need the Effects Plugins for the demo not to work but the sound quality will differ.

People Who Don't Own FL Studio:-

We have supplied all the individual midis for each kit to create the full track with the Kick & Percussion Loop, the bonus with midi files is you can import in to your chosen DAW and apply your favourite VST instrument and used your own or favourite sound sets, if you have Reveal Sounds Spire then the presets are supplied so you can re-create the same sound as the demos, we have also included a Kit midi for all construction kits e.g Kit 01.mid, Kit 02.mid etc these midi files once imported in to your DAW load all the midi tracks as it would in the demo and the same arrangement as well instead of individually importing each midi but the individual midis are there for you if you need them.

Thanks Trance Euphoria
