About Presets In This Bundle Pack – PLEASE READ

The presets in this bundle pack are **FREE** and are used as a starting point for each kit but may contain duplications or similar sounds but are included to represent the kits potential, please also note if you do not own any or just some of the VST Instruments above the supplied WAV files are in each kit to be used instead of the included presets or you can still use any virtual instrument of your choice with your own presets or bought presets to assign the vst instrument to the MIDI files and create your own sound, by all means, use the included presets royalty-free in these kits or other productions.

For a more in depth description and individual statistics details of each above pack, please go to the trance euphoria catalogue page on reveal sound store here:-
