

Freak Music is proud to present the "Mellow" - **brand new collection of gorgeous melody loops, pads, basses, matching drums and drum loops plus perfectly selected lead, pad and bass one shots.** Mix together every section, cause all of these are clearly named, tempo and key labeled. In fact, there are 15 full melody constructions that are perfect as a songstarter for your next commercial or uncommercial production. You are getting absolutely all melodic content corresponding to MIDI Files, so you have an unlimited possibilities to change the tempo, velocity or key, so combination with synth hits included is giving you maximum flexibility. It's awesome.

We have also included background textures and a Reveal Sound's Spire soundbank to complete your whole composition and professionally do the prospect to the back-end producer. Textures included are bells, cinematic pad sounds, mesmerizing vocals, soundscapes, noises and a lot of more chilled content. The Spire soundbank included is targeting on the main genre, so you are getting the sounds fitting your whole production. **Crafted with maximum precision, so everything included will fill your next track and help you produce the next top one.**

In addition to that, you will find "Liquid Claps 2" product here as a bonus - percussive sounds paired with water drops, ice cracks, glass breaks, crushes, key drops, coin throws and more. You will find classic one-shots, pre shifted samples, multi-sound claps and much, much more content. Perfect for absolutely every genre, including chillstep, chillout, future bass, dubstep, electro, house, EDM and trap. Multi genre at its finest.

Finally, an Ableton Live 10 template together with Spire synthesizer will absolutely fill the whole collection. This full length template contain great groove, and it this is the best choice for if you like chilled style with midi progressions and intelligent, inspiring, hopeful melodies. The full project will show you how to put together, arrange and mix the track, use chord progressions and how to mix the drums. All sections are color-coded and named correctly so you know exactly what you are looking at. Even if you're not an user of Ableton Live, we have exported MIDI Files, Loops and Spire presets to give you the maximum possibilities on this template. Even if you're not an user of Ableton Live, we exported all of the MIDI files, Loops and Spire presets to give you the maximum possibilities on this template.

Everything included is 100% Royalty-Free, so once purchased, you can use them in your commercial releases without having to pay any hidden costs. **Make an awesome music!**
