

"Melodic Deep House Vol 3", produced by Enhanced Music/ Colorize artist Andrew Benson, continues this series of eclectic house samples. This package includes royalty-free 6 construction kits with tons of excellent 32-bar WAV tracks, MIDI files and modern presets for various VSTi.

After tremendous success (10+ weeks in Top 10 charts) of the first two parts, volume 3 is going to the next level of quality. Each construction kit made with love to give you an inspiration and absolutely new material. Because of that, each track separated on elements and layers; have dry and wet variation; have 32 bar duration with tails. All WAV files was created with a volume margin for more comfortable using and future mastering + fully mixed & mastered mixes. Also we give you the unique range of VSTi presets: Spire, NI Massive, Sylenth, Waldorf Largo.

If you love music from artists like: Dave DK, 16 Bit Lolitas, EDX, Croatia Squad, Dusky, Meramek, Maceo Plex, Ben Delay, Larse, Mark Lower, etc. and labes like Anjunadeep, Enormous Tunes, Nervous Records, Indiana Tones, Kompakt, Bunny Tiger, No Definition, etc., third part of "Melodic Deep House" from Laniakea Sounds should be in your studio arsenal!
