

Melodic Techno Ableton Template Vol.2 is an Ableton 11 Template for Techno music producers who want to take their productions to the next level.

This royalty-free Ableton template project is designed to give you a head start in your music production journey. This means you can use it as a starting point for your productions or use the sounds and midis inside any of your projects without legal issues.

With the Melodic Techno Ableton Template, you can access an Ableton 11 project file, including everything you need to create a professional-sounding techno track.

The project file is compatible with Mac and PC, making it easy for producers of all levels to use.

The project file includes only Serum and Diva as third-party VSTs, making it easy to use and modify. You can easily adjust the project, adding your own sounds and effects, or use it as a starting point for your musical creations.

Whether you're new to techno music production or a pro, the Melodic Techno Ableton Template Vol.2 is the right template tool to help you achieve your creative vision.

**To run this project fully, you will need the following DAW and VST Instruments and Plugins:**

**Ableton 11.2.6**

**Serum v. 1.345**

**Diva Rev 1 2092**
