

Engineering Samples - Melodic Techno Vol.1

"Melodic Techno Vol.1" is the latest Release of Engineering Samples.

Inspired by the biggest names of 2017's melodic Techno Music like Tale of Us, Mind Against, Mano Le Tough and many more this Pack is a must have for every Techno Producer out there!

Packed with over 568 MB full of beautiful melodic loops, this pack will give you all the Sounds you need for your own Production.

Engineering Samples provides you with melancholic pads, hard-hitting drums, sparkling synth-leads, atmospheric FX and grungy Percussions & Drums.

All of the main Elements are available with & without Sidechain- Compression and exist in a dry & wet version for maximum flexibility.

Most of the sounds & Loops are coming from analogue Synthesizers like our Moog Sub 37, Moog Mother 32, Roland Juno-6, Roland System 100, Roland TR 606, Roland TB 303, Arturia Minibrute recorded with a Technics RS1506 Tape Machine.
