

Audentity Records brings you their 5th full guitar pack.

Guitar loops are used in many genres such as Trap, Hip Hop, Pop, Rnb and many others. In many of these tracks, it is one of the most important key elements.

All the guitar loops are played by real musicians who have played in many studio sessions and gigs, and you can hear it – these loops are easily one of the best and most useful in the industry.

Everything has been carefully mixed and eq'd for maximal usability and impact, just drop the loops in your DAW or sampler and start producing your new track. You can even edit and chop the loops to make them even more unique.

The pack contains 98 guitar and bass guitar loops.

All loops are key and BPM labelled for maximal flexibility.

• Note: Drum Samples from the demo are not included.

The Pack contains:

- * 92 GuitarLoops;
- * 6 Bass Guitar Loops;
- * Royalty Free;
- * BPM varies from 70bpm – 145 bpm.
