

'Micro Tech' by Banger Samples features drum patterns, modular loops, background textures, one shots and FX. Taking inspiration from artists such as Alexis Cabrera, Latmun, John Summit, Eddy M, Dennis Cruz, and labels such as Repopulate Mars, Hot Creations, MUSE and more.

In this pack, you'll find an array of handcrafted audio and MIDI files, designed to maximize your workflow during your next studio session. Instead of wasting time trying to come up with a basic drum pattern, just drag and drop one of the drum & bass loops into your DAW and get a real Tech House banger.
