

An Hexagon Recording style template. Mirror brings the sound of artists like Don Diablo, CID, Bombs Away and others! A mixture of uplifting piano breakdown, with a touching vocal chops drop lead. We wanted to create a Future Bass/Bounce template that sparkles on the 2018 charts.

Mirror will teach you the complexity of create mellow breakdown chords from the lead until the bottom baseline, and the art of sampling with the vocal lead. Starting from the basic sound design, making the sound of the top future bass producers right now. The template contains MIDI files, presets, drum loops, one shots, and FX uplifters.

We are constantly looking of the new sounds and we know the newbies and the pros always need to follow the trends while staying unique.

What's inside this template?
